

EYLF & PLAYFUL HEARTS

FOR EARLY YEARS EDUCATORS!

Massie has combined two of her most popular seminars for early years educators for a morning of stimulating learning. Her passion for giving under 5's the very best start in life will infect you and she will give you clarity about the EYLF (Early Years Learning Framework), as well as give you more! We must fight hard to keep the place of play where it needs to be - in childhood, and Massie will give you so much more persuasive power to convince parents about the true power of play.
